## HANDCRAFTED HIMALAYAN HERBALS

### WHOLESALE PRODUCT GUIDE 2012/13 TREK KITS

## ABOUT WILD EARTH

Wild Earth produces handcrafted Himalayan herbal personal care products using the finest ingredients available. Our products are designed to nurture and nourish the skin and soothe, stimulate and balance the senses.

### OUR VISION

To bring the finest authentic Himalayan herbal products – drawn from the rich indigenous healing traditions of the Himalayas - to the world market thereby creating sustainable income generation and forest conservation in rural mountain communities.

### OUR PRODUCTS

The product ranges include herbal soaps; skin scrubs and mud rubs; body and massage oils; aromatic pillows and products to enhance wellbeing.

The herbs used in our products are sourced from remote areas of the Himalayas, often untouched by the modern world and chosen for their proven therapeutic benefits and rich long heritage of use. Reflecting the diversity of the Himalayan region, our herbal blends incorporate Ayurvedic knowledge, Tibetan therapies and the wisdom of mountain healers.

We combine essential oils, herbal infusions and traditional Himalayan ingredients in an all-vegetable base to produce soaps with a luxurious lather that clean your skin naturally. Each bar of soap is carefully hand crafted using a traditional cold process technique and cured for at least one month. We choose to retain the naturally occurring glycerin for a rich moisturizing soap that is kind to skin.

For massage and body oils that are rich in herbal essence, we add our herb blends to skin-loving olive oil and leave them to slowly infuse in the Himalayan sun.

Wild Earth products contain no artificial preservatives, colors, petrochemicals and are suitable for vegetarians. We have never tested on animals and we never will.

All our products are handmade and hand packed by women who are mostly from poor, remote communities and now working in Kathmandu. We are committed to using sustainably harvested plants, following community trade practices, and providing our employees with a working environment based on respect and dignity.

## TREK KITS

Whether you are trekking high in the mountains, deep in the forests, open deserts, or jungle safari **Wild Earth's Trek Kits** offer practical and portable body care essentials that not only take good care of your skin and wellbeing but as they contain 100% natural ingredients, they are biodegradable and won't harm the natural environment.

We have carefully selected beneficial travelling companions such as **jungle citronella** – a natural insect repellent that will help keep the bugs at bay; **forest mint** – cooling and soothing for tired body and mind; **mountain cedarwood** – calming and skin rejuvenating; **lavender** – relaxing and reviving. Leaving you to enjoy your travel adventures, collecting a mountain of memories until you return for more...

## RESPONSIBLE TOURISM & NEPAL

*'Leave only gentle footprints, take only memories – and a bag or two of garbage'*  
Travellers are increasingly aware of how they travel, and who they benefit. Enjoy your travel, with its new environment and cultures without too much disruption, benefiting the local communities you visit and leaving behind bags of smiles instead of garbage.

The geography of Nepal is divided into three regions, the subtropical plains of the Terai, the forested Middle Hills with their terraced agriculture and the high altitude snow capped mountains of the Himalaya. Each Wild Earth Trek Kit range contains products using the herbs sourced from each region,

## ALL NATURAL INGREDIENTS

We use natural ingredients in our Wild Earth Trek Kits, making them biodegradable; great for your skin while not polluting the local environment while you are out in the trekking wilderness.

Many of Wild Earth's high quality ingredients are sourced from the Himalayas itself, supporting to sustain rural livelihoods and income generation.

Wild Earth is against animal testing and as they do not contain any artificial preservatives we recommend that to maximize their shelf-life they should be stored in a cool, dry place out of direct sunlight.
