Wild Earth's Himalayan Spa

ABOUT JAMPECHE

Jampeche is the Tibetan word for 'gentle external treatments' and can be found in a section of the *Gui Zhi*, the Tibetan Medical Canon.

Wild Earth's Jampeche Himalayan Spa products are made with the finest quality Tibetan herbs and essential oils, formulated under the guidance of well-trained Tibetan doctors and handcrafted by women, in the Himalayas. These are the first authentic spa products based on *Sowa Rigpa* - 'the wisdom of healing', the 1,500 year old medical tradition of Tibet and the High Himalayas. They are equally complemented by our expertly developed Jampeche body treatments.

RIVERS OF HEALTH

According to *Sowa Rigpa*, your body has within it an incredible system of channels - not unlike wild rivers - in which vitality and life force flows. The Chinese call this *chi*, Indians, *prana* and, Tibetans *lung*. When these rivers become blocked, sluggish or flow too fast, your fundamental sense of energy and well being are profoundly effected. Jampeche Himalayan Spa products and treatments work to restore vitality, longevity, and radiance by ensuring the healthy flow of the body's inner rivers.

ALL NATURAL INGREDIENTS

We use Himalayan sun-infused herbal oils; sacred healing red mud; Tethys Sea bath salts and scrubs; roasted barley rubs and stones from Himalayan river beds, each hand-carved with an auspicious symbol found in sacred Buddhist texts, to help nourish more than just your skin.

Jampeche products use high grade 100% natural ingredients, in conjunction with traditional Tibetan knowledge. They are not tested on animals. As they do not contain any artificial preservatives we recommend that to maximize their shelf-life they should be stored in a cool, dry place out of direct sunlight.

JAMPECHE HIMALAYAN SPA SALT CLEANSERS

At 15,000 feet, the high altitude, dry sea bed of the ancient Tethys sea in Tibet is renowned for its healing salt, still gathered by nomadic caravans. Cleansing with oil and salt is an old Himalayan practice and an ideal shower treatment to revive your vitality.

Applied with oil, the finely ground salt cleanser will gently remove dead skin cells, leaving the skin soft and supple. After showering, pour bath salts into the bath for a relaxing soak that allows the essential oils and warm water to dilate blood vessels and restore vitality.

Jampeche Himalayan Spa Salt Cleanser comes in four varieties – **Yab** for male vitality, **Yum** for female vitality, **Flowing River** for detoxifying, and **Spikenard** for relaxing.

Please note that the salt cleanser is not available for individual retail sale but is supplied as part of a kit along with the corresponding massage oil and bath salts. It is packaged in a handmade Nepali lokta paper box.
